Why we will always need your support

Scotts Project Trust provides high-quality services in homely and idyllic surroundings. Residents in St Peter's Row, our residential home and in Oaks and Willows, the Supported Living houses, can feel at home, express themselves and learn vital life skills.

At Scotts Day Services, those attending are encouraged to learn and develop in vibrant sessions and activities. Our caring, competent staff and volunteers support each person to get the most from life in all three of these services.

Our income from fees, mostly from local authorities, cover a basic level of service. To maintain the quality of our work, and to expand it to meet the needs of more people with a learning disability, we must raise funds.

The funds we raise help to maintain our essential facilities, for example refurbishing kitchens and bathrooms to ensure they meet the needs of our residents.

Ideas for fundraising for Scotts

From dragon boat racing to wine-tasting evenings, volunteer fundraisers find entertaining ways to raise funds for Scotts. If you would like to discuss an idea and find out how we can support you, please contact us.

Local companies, schools and organisations – volunteering opportunities

Getting involved in our work can be a great experience for your employees, pupils and students.

'The opportunities offered to our students allows them to explore beyond the class room and really engage with others learning from their experiences.'

Payroll Giving is a great way to support Scotts as it provides regular and reliable donations. Please speak to your organisation or HR department to find out more.

Partnerships

We are always keen to form partnerships with local companies so please get in touch with our Community Engagement Manager, Denise Tucker.

Scotts is an engaging local cause for employees to get involved with. Working with us will help to transform the lives of our residents and clients and it could help your company to reach some CSR objectives, too. This kind of support is invaluable to Scotts, providing not just much-needed funds but also helping to raise awareness of our work.
